STATINTL

I again called [REDACTED]
OBC, re attached proposed
rule making by IRS. He
stated that a public hearing
was held on 14 Oct 80 and
he does not expect final
action to be taken for 90 to
120 days thereafter, if it is
to be adopted at all. Because
of pressing work schedule
he is just holding this
and am looking for any

final rule making. If
that comes to pass, he
will alert me and advise
of its applicability, if any,
to GEHA, EAA, EAF and PSAS.

STATINTL I called [REDACTED] OGC, X-6046, on 15 and 16 September 1980 re our question of the applicability to GEHA, EAA, EAF, and PSAS of proposed rule making by the Internal Revenue on Section 501(c)(9).

STATINTL [REDACTED] told me the issue was really not critical from a time standpoint since the deadline for filing comments was only 15 September. He further stated that it would be some time before IRS digested all the comments and finalized rule changes.

Because of his pressing work schedule and other priorities he could not get to work on this matter this week. When I asked if we could expect an answer next week he indicated that his work schedule did not permit that either. In sum, he cannot tell me when he will be able to give a written opinion.

STATINTL In view of the above, suggest this item be removed from suspense and BSD continue to call [REDACTED] periodically regarding progress.
